## SEASONAL STATUS OF THE BIRDS

OF THE FRASER VALLEY REGIONAL DISTRICT

Including Manning Park July 2013 Edition

## Seasonal status of the birds of the Fraser Valley Regional District Including Manning Park

## July 2013 edition

Compiled by Gord Gadsden and Chris McDonald

This checklist has been made from the best documented records available and will be regularly revised and updated. You can share sightings or learn more about this checklist by calling the Fraser Valley Rare Bird Alert at (604) 792-1239, via email at gord@fraservalleybirding.com or by visiting the Fraser Valley Birding Website at www.fraservalleybirding.com.

This checklist is for birds recorded in the entire Fraser Valley bird checklist area. This area includes the cities of Abbotsford and Mission to the west and Manning Park to the east. The boundary extends north just past Boston Bar. For a map of this checklist area or for more details on a certain bird species including photographs and supporting details of sightings, please visit the Fraser Valley Birding website.

Thanks to all who contributed by sharing their sightings. A special thank you to the members of Fraser Valley Birding for their support!

Key:		Common: 15+ seen or heard daily. Fairly common: 3-15 seen/heard daily. Uncommon: 0-3 seen or heard daily. Rare: 1-10 records per year. Casual: not seen every year.
	0	Accidental: single sighting of species.
	>	Accidental: duration of stay.
	*	Known to nest or have nested in the checklist area.
	(#)	The total number of documented sightings in checklist area of a casual or accidental species.
	(sr)	Sight record either by a single observer or not photographed but documented by field notes.
	(h)	Hypothetical record.
	(X)	Extirpated. Once a regular resident but no longer found as a resident in the checklist area.
	(I)	Introduced to checklist area with a stable population for at least 10 years.
	(H)	Historical record. Indicates record(s) 50 years older from date of checklist.
